UNITED FOR CHANGE

Did you know?

- 1 in 5 people will experience a mental health problem and half don't receive the treatment they need.
- Suicide is the second leading cause of death in 14-24 year old Canadians
- By age 40, about 50% of the population will have or have had a mental health disorder.

We all know someone whose life has been impacted by a mental health issue.

Let's unite to support our loved ones with mental health disorders and stop the stigma!

The Sashbear Foundation provides mental health and suicide prevention programs for families at no cost.
