

JOIN THE LIVED EXPERIENCE RESEARCH NETWORK!

The TULiP Lab at York University (www.tuliplab.ca) is looking for **trans adults** (18+) who are interested in joining the Lived Experience Research Network to co-design research about gender identity development and emotion dysregulation or borderline personality disorder (BPD). **You do not need to have BPD or prior research experience to join.** The network will have a say in how the research is designed and how results are interpreted. Members will be compensated \$20 for each research meeting attended.

Who can join?

Anyone who...

- Is 18+
- Self-identifies as trans (transgender, gender-diverse, any gender different from the one you were assigned at birth)
- Lives in Ontario, Canada

What will members do?

- Help the TULiP lab do research that matters to trans people
- Meet as a group and share thoughts about research topics and findings
- Have opportunities to get involved in more research activities as they wish
- Be compensated \$20 in gift cards per research meeting attended

Interested in joining?

Fill out our quick survey
